

Proyecto e-Twinning, Situación de Aprendizaje 3º de Diversificación Curricular en inglés (3ª Evaluación)

ABOUT THE PROJECT

4 Topic 1 World: Digital, Environmental, Cultural and Social Citizenship" project is a holistic educational approach that aims to raise students as conscious and sensitive individuals equipped with 21st century skills.

The project aims to raise individuals who recognize the opportunities and risks of the digital age, are sensitive to the environment, respect cultural richness and bear the responsibilities of social life. Each area of citizenship supports students' individual development and prepares them to be active members of the society and the world they live in.

Throughout the project, students participate in various workshops, group work, digital productions, social responsibility projects and cultural activities, providing both theoretical and practical learning opportunities.

PROJECT OBJECTIVE

The main objective of this project is to enable students to become aware, sensitive and active citizens in digital, environmental, cultural and social fields. The project aims to:

- In terms of digital citizenship, the project aims to provide students with safe internet use, digital ethics and media literacy;
- In terms of environmental citizenship, the project aims to instill awareness of nature, sustainable living and environmental protection; In terms of cultural citizenship, the project aims to instill respect for different cultures, protecting cultural heritage and being open to universal values;
- In terms of social citizenship, the project aims to instill concepts such as empathy, social responsibility, cooperation and human rights.

4 Topic 1 World: Digital, Environmental, Cultural and Social Citizenship

Expected results

1. Students will be able to gain awareness of active global citizenship and learn democratic values
2. Students will be able to learn about safe and ethical internet use.
3. Students will be able to take actions about social and cultural responsibilities for a sustainable world
4. We will all have new friends and have lots of fun together.
